TLI-Asia Pacific and A*Star Urban Systems Programme held the “A*Star Urban Systems Initiative (USI) Conference in Logistics and Supply Chain Management” on 23 April (2pm to 5 pm) at the Pan Pacific Hotel.

The event officially opened by Dr. Tan Geok Leng, Executive Director, SERC, A*Star, was attended by nearly 90 participants from A*Star, TLI-Asia Pacific, NUS, NTU, SMU, IHPC, I2R and industry representatives. Presentations on various Urban Logistics, Supply Chain Risk, Data Analytics and Technology topics were given by distinguished speakers from TLI-Asia Pacific, Accenture Strategy, Antuit, University of Applied Sciences, Upper Austria, Display IT Card and Bayer Technology Services.

Representatives from eleven participating companies, collaborating in Urban Systems Initiatives were given tokens of appreciation by Dr. Tan. These are namely AEB, Antuit, Display IT Card, KPMG, LHT Holdings, Pan Asia Logistics, Proctor & Gamble, SAP Innovation Centre Singapore, Sempermed, ST Logistics and Unilever. Their collaboration will help to further develop and potentially deploy technology and capabilities to enable Logistics and Supply Chain Industry to sharpen their competitiveness and sustain their long term growth.
